If someone were to have told me a year ago, that by the end of this year I was going to break up with Ben my boyfriend of five years and leave my family home to move to a different city to start a new life, I'd have told them they were crazy. There was no way something like that could happen. Ever! It did happen.

Twenty two year old university drop out Marisa Gelly's relaxed lifestyle takes a turn for the worse when she arrives early at Kyle Matthews's annual Halloween Bash to find her boyfriend making out

with another girl. Heartbroken she sets off to a brand new city to get away from her family who thinks she's made the biggest mistake of her life, breaking up with Ben. For the first time in her life, Marisa's doing everything on her own and she loves it. A brand new city, a brand (sort of) new job, and a hunky, dreamy late night customer who shows her the kinds of things he likes to do. This year will be nothing like last year.
