### Description:

**Review** 10 Wonderful, Amazing, Fantastic Stars. This story will stay with me forever. It spoke to my soul...This book is amazingly written and so awesome. I will never forget this book. It got me deep... I recommend it to everybody with children, children, and adults alike. Everybody should read this amazing book. Enjoy! *Dani of KindleBookLove.blogspot.com*

Sherry drives the reader to real emotions masterfully creating trials, conflicts and doubts. You'll cry

and laugh, ache and root for these heroes. I also liked the messages that come with this book, that life is worth living, that we should never give up and we should always try our best. As life goes on and routine sets in we have a tendency to forget how important these things are. Truth is--tomorrow isn't promised to anyone. *Author CameliaMironSkiba.wordpress.com*

10 Stars! WOW.....What an emotional roller coaster this book is. I was totally sucked into this story from the very first page. Sherry hit it right on writing the feelings of teenagers, peer pressure, and bullying all in one fabulous book!! *Jenny of blackwords-whitepages1977.blogspot.com*

Souls in Peril is seriously one of the best books I've ever read. It had me in turn laughing and crying, my heart aching for all the characters involved.

Gammon's writing is full of humor, sorrow, realism, and pulls you into places you might not want to go, but will be happy you did when all is said and done. I HIGHLY recommend this book!

This book was amazing, and extremely emotional to extents I had not anticipated. The writing helped stay in the mood and the story was great. I absolutely loved it! The cover? Absolutely brilliant...I hadn't known how much it fit with the theme of the story until I've read it, it really was brilliant.
