Description:

The **Sixth Edition** of Neil J. Salkind's best-selling **Statistics for People Who (Think They) Hate Statistics** promises to ease student anxiety around an often intimidating subject with a humorous, personable, and informative approach. Salkind guides students through various statistical procedures, beginning with descriptive statistics, correlation, and graphical representation of data, and ending with inferential techniques and analysis of variance. New to this edition is an introduction to working with large data sets.
