## Description:

Lincoln Thomas thought he was a perfectly normal twelve-year-old ... until the night he slowed time to save his mom from a super-powered assassin. He learns he and his parents are part of a secret society known as the Guardians, real-life superheroes sworn to protect the world's most important people. As the newest Guardian in the family, Lincoln is sent to the Atlas Academy to learn how to control his new powers.

Between making new friends, battling bullies and mythical creatures, and trying to survive the academy's combat training program, Lincoln discovers someone is plotting against the Guardians—and whoever it is, they're getting help from the inside. It's up to Lincoln and his friends to unmask the traitor, but before they can, an army of rogue Guardians attacks the academy.

Not all Guardians are good, and Lincoln is about to find out just how bad they can be.
