Description:

The focus of ETHICS OF LEADERSHIP is the ethical challenges that are distinctive to leaders and leadership. Organized around themes such as power and the public and private morality of leaders, the book explores the ethical issues of leadership in a variety of contexts including, business, NGOs, and government. It integrates material on ethics and leadership from the great Eastern and Western philosophers with leadership literature and case studies. This multi-disciplinary approach helps philosophers and leadership scholars present a fully integrated view of the subject.
