Description:

Review "At some point, while reading these stories, you will forget that you are reading about sex work at all, and you will feel as though you are reading about something much, much more important, although you won't be able to name what it is, exactly." - Carrot Quinn

"There is something open and honest about the words written in this book. I always feel a little more bare, a little more vulnerable after reading something so raw. Even if you think that this book isn't

for you, I would encourage you to read it anyways. You might be surprised at what you learn about yourself in the process." - Chelsie Perkins

"Her writing style is simple and straightforward; it's like an email from a friend who just happens to be telling you about her sex business life." - Don
